THREE VILLAGES. ONE WINTER.

They are three sisters. Each one is beautiful, each one rich in history. And each one has its own little secret. One loves surprises, the other is cozy and the third one is therapeutic and romantic. Serfaus, Fiss and Ladis are their names. And they reside on the banks of the most family-friendly ski resort in the Alps.

SERFAUS. SURPRISING. NATURAL.

The beautiful sister Serfaus. This village likes to be unique and do things a bit differently. For example, the world’s finest and highest-situated underground floating on air cushions is in service here, transporting skiers quietly to the bottom station of the Komperdellbahn, and serving as an effective traffic calming measure for the village. The fact that Austria’s largest ski paradise for kids and one of the most modern winter service centres are located here makes this wonderful place even more attractive.

A great deal of excitement, fun and adventure await the little ones in the kids’ winter paradise with Murmli, the funny mascot and the Murmli Friends Fiona, Ingo and Bruno. The Kinderschneealm below the Komperdellbahn mid station is easily accessible for the little ones and offers a huge area with a kids’ ski school and ski kindergarten which provide loving and competent all-day care. The new kids’ programme of the ski school at the Kinderschneealm is completely tailored to the needs and wishes of modern families. State-of-the-art teaching methods make it easy for kids to learn to ski and have fun at the same time. The mascot Murmli takes little beginner skiers on a skiing adventure. Six child-appropriate stories tell how Murmli himself learned skiing and help kids to get accustomed to the sport. 

With the coolest cow in the world, learning to ski is easy: In Berta’s Kinderland at the Sonnenbahn cable car mid station in Fiss, kids learn winter sports at their own pace. A ski school and kindergarten, magic carpets, a tubing run, fun and adventure areas as well as our own kids’ restaurant are all part of the spacious world for little ski fans. Parents can follow the progress their kids are making on Berta’s Ski-TV in the comfort of the Sonnenburg Family Restaurant.
Double Ski School Offer during holiday periods.

Enjoy a stress-free holiday with double start, meal and finishing times for the ski lessons.
In busy holiday times, the Ski School Serfaus offers its customers a double model for lessons.

When you have your ticket, you can choose between the two ski school start times. These are directly linked to the earlier or later meal and finishing times. These staggered lesson times help to avoid long waiting times at the cable cars, in the restaurants and when forming the ski school groups, and they offer you many more possibilities to enjoy your holiday.

The Double Ski School Offer is available for all ability groups during the following holiday periods:

How do I obtain a ski depot and skiing equipment?
In Serfaus-Fiss-Ladis, you can deposit your skiing equipment right beside the bottom stations. Several landlords already have these ski depots available for their guests; otherwise, you can book them at the ticket desks at the mountain lifts or in a sports shop without pre-book. You can hire your skiing equipment for your winter holiday directly at the sport shops in Serfaus-Fiss-Ladis for the duration of your stay. The expert personnel here will advise you to help you find the right equipment.

Do I need winter tyres and snow chains?
From 1 November until 1 April, all car drivers, including holidaymakers and people passing through, are subject to winter equipment obligation in Austria. Snow, slush and icy conditions are frequently found at this time. Those who do not wish to adhere to this advice may alternatively drive with summer tyres and snow chains on at least two drive wheels; however, this is subject to the road being completely or almost completely covered with snow or ice. In Austria, you are not allowed to fit snow chains, despite a snow chain obligation, should other wintry conditions prevail, because the metal of the chains may damage the surface of the roads. Drivers who drive in Austria with summer tyres may not drive their car if this is the case.

What is the cancellation policy?
The accommodation contract concluded between you (guest) and the accommodation provider when you book is subject first and foremost to the General Terms and Conditions of the relevant accommodation company including the relevant cancellation policy. If the accommodation provider does not have its own Ts&Cs, the General Terms and Conditions for the Hotel Industry 2006 (AGBH) apply in the format valid at the time of booking. Further information and an excerpt from the AGBHs (Section 5 Withdrawal from the accommodation contract) can be found at www.serfaus-fiss-ladis.at.

MOUNDS. 2021. BERGTÖNE. FISS.

The musical holiday experience.

For many years, Serfaus-Fiss-Ladis has been an established top destination for families. Alongside countless alpine attractions for young and old and excellent opportunities for hiking and wellbeing, a major family music festival has been rounding off the experience for the whole family since the summer of 2016.

The festival makes kids' eyes light up, makes the mountains tremble and sends the echoes far beyond the Tyrol region.

The name, “MOUNDS”, is made up of the two words Mountains and Sounds. Numerous workshops and concerts take place daily over the 6 days. MOUNDS is the music festival for the entire family!

The workshops are aimed at all kids who enjoy in music. They find out interesting things about rhythm, singing, composing, dance, instruments and much more. Fun is always the top priority. And it really is great fun for little ones. Some workshops are also aimed at interested parents and grandparents, who learn a great deal with their kids about singing and making music and perhaps themselves might be keen to discover their own musical vein.

The daily finale takes place on the large central festival stage, with at least 2 concerts, sometimes with the participation of kids from the workshops.

All information about the major family music festival can be found at www.mounds.at.

BERGTÖNE FISS. A VILLAGE FULL OF SOUNDS.

From brass to jazz. All this and more is offered at the “Bergtöne Fiss – A village full of sounds” concert series. After the successful concerts of the recent years, the initiators have put together a new programme for 2021. Well-known orchestras from Switzerland, Italy and Austria will perform at the four concerts in June and July on Friday, Saturday, Sunday and Friday respectively.

The repertoire ranges from classical, symphonic wind orchestra music, to contemporary works and marching music, as well as songs and popular tunes – the whole range of a modern wind orchestra's sound will be presented. Admission is free for all when the wind instruments bring the high plateau to life with the sound of music.

The approx. 75-minute concerts are held on an outdoor stage in Fiss.
In the Bikepark Serfaus-Fiss-Ladis, both beginners and pros have a great time, since the area has been specially designed for the needs of enthusiastic mountain-biking families and for beginners in the gravity sport. The two-wheeled paradise that opened in 2013 leaves no wishes unfulfilled: choose between freeride and downhill courses of various difficulty levels – just like the ski slopes with blue for easy, red for medium and black for difficult – the perfect challenge for almost every age group and level of ability.

Right at the Waldbahn bottom station, young bikers can practise their balance and coordination on a kid-friendly practice area with mini-banked turns and small obstacles.

SOURCE TRAIL. GEORAMA LASSIDA.

SOURCE TRAIL. SERFAUS. FISS. LASDI.

Quench your thirst (for knowledge) on the Source Trail Serfaus, Fiss, Ladis - three mountain villages, a promise of pleasure and an abundance of source areas! The high plateau is a veritable spring garden, with a total of 91 spring outlets and 21 source areas. The drinking water in the three communities is of exceptionally high quality. Mountain water beds, refuges and streams on all.

If you are naturally inquisitive you can trace the Serfaus-Fiss-Ladis spring waters to their sources on the Source Trail. There are several information points where you can find out about the water on the high plateau.

The themed trail is suitable for baby buggies and takes you on a high altitude hike in the alpine zone from the airy heights of the Fiss-Joch ridge gently downhill to Komperdell and on to Serfaus. It takes two hours' easy and exhilarating walking to reach the Komperdell mid-station. You can follow the trail in either direction. Starting from Komperdell, the Fiss-Joch ridge can be reached within just two and a half hours' walking time. The altitude gain is approximately 500 metres.

It's delightful to stop for a bit in the source “source of all life” flows in its white robe and lets winter sports enthusiasts caper about on the snow. The “snow lounges” in the avalanche protection barriers are definitely a highlight of the themed trail. While in winter they disrupt the concentrated power of an avalanche, in summer they invite hikers on the Source Trail to stop and relax.

Stone balls - the adventure companions: Small, colourful and round. Stone balls made from natural materials are constant companions at the interactive Georama Lassida adventure area. The little stone marvels are available at the “stone dispensers” in the entrance area and play a role at various play stations.

Please relax and enjoy at the alpine garden and the earth's source! While kids can joyfully frolic across the Motor Skills Trail and admire their archaeological excavations, parents can get cozy. Numerous relaxation stations offer breathtaking panoramic views of the Tyrolean mountains.

And the best part: Lassida restaurant with its.cosy interior and spacious sun deck can be found in close proximity. Its basement is devoted to various delicacies from hearty Tyrolean cuisine to wood oven pizza. And who can say no to delicious homemade ice cream afterwards?
