Flotte Berta.

HELLO – I AM FLOTTE BERTA.

I was born on 20/06/1998 in Fully's workshop. I am 9.5 metres long and without my ears I am two metres wide. I have 46 horse, or more precisely, cow power under my bonnet and I drink 1.5 litres of diesel every hour – that is less than a small car needs. My top speed is 10 km/h. My hobbies are going for a drive with passengers big and small, happily mooing and wiggling. What I don't like are people who are in a hurry. If you would like to know more about me, just ask Fully, my driver, on one of my many trips around Serfaus-Fiss-Ladis. Kids under the age of 11 must be accompanied by an adult. Adults must take their kids to the kids' club.

Adventure Mountains. Serfaus-Fiss-Ladis.

Adventures made in the mountains.
In Serfaus-Fiss-Ladis pirates, witches and explorers excite the entire family. The best-selling Austrian children's book author Thomas Brezina has converted the woods of Serfaus-Fiss-Ladis to become "Adventure Mountains" – including a ghost ship, a witch's cottage and wild animals. The "hike-and-like" stories not only tell nail-biting tales, but also provide kids of all ages with an all new perspective on mountains, nature and the environment.

Cross-country trails with fantastical themes venture through the woods, where witches play practical jokes, indigenous animals and plants whisper their secrets. Be it overcoming obstacles or interpreting strange noises, a refined set of trapper-skills is required to read the mysterious tracks and solve the tricky problems. Around every bend, exciting new surprises appear along the wayside: Strange furniture is hanging from the trees, gigantic animals cross the path and suddenly the explorers themselves shrink to the size of ants.

Be it pirate fans, witch lovers or scientists – everyone gets to enjoy themselves on these playful hiking trails! The colourful Adventure Booklet is available for €2 from all hosts in Serfaus-Fiss-Ladis, at the cable car ticket offices as well as information offices of the Serfaus-Fiss-Ladis Tourist Board. The income arising from "Country Charity – We are Family" is used a 100% for social, local projects. "Country Charity – We are Family" is under the patronage of Thomas Brezina.

In order to also entice generation Smartphone – toddlers that already swipe before they can walk – to come visit the world of experience, a specially developed Adventure Mountain app navigates the curious explorers digitally. Despite digitalisation, the holiday region still keeps many of nature's secrets safe: Anyone aching to find out, how the adventure story ends, has to physically make his or her way here and solve the riddle for him- or herself.

The hikes take one to three hours and reward the kids for their agility, creativity and endurance in the final stop. Here, they can board the mysterious ghost ship, climb up to a gigantic treehouse, and even walk upside-down on the ceiling of the gingerbread house. Naturally, no one leaves without a certificate or their honourable mention in the great Adventure Book. Turn your hikes into an unforgettable experience for kids!
