

BEHIND THE SCENES SERFAUS. FISS. LADIS.

What is the main work of our staff in the summer? How are the cable cars and snow-making facilities prepared for the winter? What happens behind the scenes of the cable car stations and how do cable cars actually work?

In the Serfaus-Fiss-Ladis region you can learn these secrets and many more. A tour around the operating rooms and workshops will give you a small taste of just how much time and careful handwork is required to keep everything running smoothly.

After the tour, everyone can enjoy some coffee and cake together and there is still plenty of time for you to pose any more burning questions you might have.
