

BEHIND THE SCENES.

Serfaus. Fiss. Ladis.

What actually happens behind the scenes at the cable car stations and how do the cable cars actually work? In the Serfaus-Fiss-Ladis region, you can learn these secrets and many more. A tour around the piste preparation machine workshop will give you a small taste of just how much time and careful handwork is required to keep everything running smoothly. While the underground train is an established part of the tour in Serfaus, the tour takes a closer look at the technology of the Schönjochbahn cable car in Fiss. After learning all about our snowmaking technology, everyone can enjoy coffee and cake together and there is still plenty of time for you to pose any more burning questions you might have.
